ISC760

ISC

Security Seals

The **ISC760** is a brand New Fix Length Security seal for applications such as Containers, Boxes, Truck and Trailer Doors. Widely used in the Cash in Transit, Railway and Transport industry. Minimum hole diameter of 7 mm plus required. Snake-line on ribbon deters cutting and guarantees easy checking for cuts. Consecutive numbering or barcodes enables easy recording of the seal numbers and streamling operations. Various plastic colours available for logistical control. Special designed locking cap indicates potential attack by heat. Option: Special treatment version preventing glueing/heat welding.

Indicative
